THOMAS GIRBOUX

21, Student

PROFILE

A recent graduate of Institut du Sacré-Cœur de Nivelles, I'm currently pursuing a bachelor's degree in computer science with a focus on web development, databases and networks.

I'm proficient in office automation tools and perfectly bilingual in French and English.

Sociable and motivated, I'm looking for a job where I can put my IT knowledge to good use, contribute to concrete projects or get involved in manual tasks, with the seriousness and adaptability that have marked my academic career.
